

Report on Arund visit

Date: 26th April 2018
Venue: Arund channel, Sibi.

The social team along with Mr. Yousaf Kakar watershed specialist, Mr. Abdul Qadir Jamali District Forest Officer, Abdul Qadeer RFO, Ali Dad RFO visited the site of Arund on 26th April 2018. Mr. Yousaf Kakar surveyed the whole area. Furthermore, Dr. Allahdad Luni chairman FO Luni complained that many projects have been introduced before but they have always neglected our community. In reply, the social team assured Dr. Allahdad that this project is funded by the World Bank. The policy of the World Bank is always for the development of the farmers and the local people. This project is not any political project that it benefits a specific or targeted mass of people, in fact it is for the development of the society as a whole. In conclusion, Dr. Allahdad assured the social team that his community will cooperate in every way to make this project successful. Moreover, Mr. Haseeb Babar CO briefed the community about the plantation near the check dams. He further told them about the benefits of the plantation and how it is important for the environment and for their grazing purpose. He assured the community that the plantation will change the environment and their livelihood.
